

TRANSFER GUIDE

E

ENHANCED MAJOR

Students planning to transfer to Virginia Wesleyan University from a school within the Virginia Community College System (VCCS) should consult the courses listed below for VWU's major requirements and facilitate timely degree completion. Courses in black are strongly recommended—students who do not complete these courses may require an additional year due to course sequencing issues. Courses in blue are encouraged—they would put students ahead by having additional courses completed toward the major.

Students who complete an Associate of Arts or Associate of Science degree with satisfactory or better in a VCCS general education program except for the junior/senior seminar (WES 300).

E

VWU COURSE	VCCS EQUIVALENT
CHEM 130: Introductory Chemistry	
CHEM 221: Organic Chemistry I	<u>Organic Chemistry I with Lab</u> (both courses must be completed to fulfill CHEM 222)
CHEM 222: Organic Chemistry II	Organic Chemistry II with Lab <i>(both courses must be completed to fulfill CHEM 222)</i>
MATH 172: Calculus II	Calculus II
PHYS 221: University Physics I	University Physics I
PHYS 222: I University Physics II	University Physics II

Students who complete an Associate of Arts or Associate of Science degree with satisfactory or better in a VCCS general education program except for the junior/senior seminar (WES 300) with a grade of "C" or better must be earned.
